I am a customer of Utilities Inc that is requesting this rate increase. The rate increase is estimated to be 80%.

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

An increase of 80% in our water cost will do nothing to improve our service. We have no water for fire protection now and the increase will not change this situation. If this is a cost of living increase it is out of line. As consumer I have not had a cost of living since retirement in 1981!

3. Do you wish to make an appearance at a bearing in this proceeding, if scheduled, and offer sworn testimony? (This section should be completed.)

No.
